## ABOUT US

Sharjah Glass Stores LLC., was founded in 1976, as a small glass trading company, today has three divisions: Glass, Powder Coating and a Retail Showroom which employ more than 120 personnel.

Recently we have established another powder coating plant, fully automated, Sharjah Metal Coating & Industries LLC. to cope up with the ever increasing demands of the industry. All our Divisions are backed by a team of professionals, engineers, and skilled labours.

The following works are done under their supervision, using both traditional and modern technology to ensure customers of high quality, good price and on-time delivery.

We are leading approved applicators for M/S. Jotun Powder Coatings, Norway. We offer the best job coatings for PE-EF and PE-SDF range that guarantees the highest quality at a very competitive price.

All our pre-treatment chemicals are imported from M/s. Henkel KGAA, Germany. All the material coated by us has to go through a stringent quality testing by our fully equipped chemical testing laboratory.

We assure a tough, durable and anti-corrosive coating being one of the largest and oldest coating plants running with a total capacity of 11000 tonnes of aluminium coatings per annum from both our lines.

Since 1976

## **POLICY STATEMENT**

Sharjah Glass Stores LLC. is fully committed to being the leading provider of glass products & powder coatings.

A primary goal of Sharjah Glass is to achieve the highest standards of quality in all business units' practices and operations without compromise. Our objective is to continually improve our company performance, while offering our customers a safe, cost effective and professional service.

Quality performance is one of the cornerstones of our company culture, and is considered a personal responsibility of all employees. To maintain quality performance of all business units at the highest level, the following aims are pursued:

- To fulfill or exceed Customer needs and expectations by delivering a quality product in a consistent and timely manner;
- To cultivate and maintain the commitment to continual improvement and communicate our goals and objectives to every employee;
- To promote a working environment where training and tools are provided for all work to proceed in a safe and efficient fashion;
- To furnish a system of policies which are periodically reviewed to ensure the ability of all groups to perform their work effectively.
- To provide Quality Aluminium Product and Services to satisfy the customers by establishing proper training & developing strategic plan.
